

Circular Sitting Arrangement:

SET 1: L, M, N, O, P, Q, R and S are sitting around a circular table facing the center but not necessarily in the same order. They all are having discussion on an important topic.

N is an immediate neighbor of both L and R, who is an immediate neighbor of P. P sits second to the left of N. Only two persons sit between P and S. M is an immediate neighbor of O. Only one person sits between M and Q.

SET 2: Ashok, Karamvir, Iali, Palak, Drake and Motu, who represent six different gaming companies - Microsoft, Google, GE, Unilever, IBM and Nestle are sitting at a circular table, not necessarily in the given order, facing the center. Each man is wearing a shirt of a different color among White, Pink, Red, Brown, Blue and Black, again in no particular order. Please read the statements given below and figure out their sitting arrangement along with their respective companies and shirt colors.

1. The Microsoft's representative is wearing neither a Black nor a Brown shirt.
2. The Google's representative is not wearing a black shirt.
3. Karamvir is neither from Unilever nor wearing a red shirt.
4. The only person sitting between Drake and Motu is wearing a pink shirt.
5. Motu is wearing a white shirt and he is sitting to the immediate left of the person who is wearing a red shirt.
6. The person in black shirt is sitting at a position diametrically opposite that of the representative of Nestle.
7. GE's representative is sitting to the immediate left of the person who is wearing a Brown shirt.
8. The person wearing a white shirt is sitting to the immediate right of Unilever's representative.
9. Palak is wearing a blue shirt and he is from GE. He is sitting at a position diametrically opposite that of the person in pink shirt.
10. Ashok is not wearing a red shirt.

SET 3: 4 Indians - Nathan, Bill, Jason and Rahul - and 4 Australians - Arif, Taskin, Michael and Sachin - are sitting around a circular table. 2 Indians and 2 Australians are facing the center of the table, while the rest 4 persons have their back towards the center. You need to figure out the exact way they are sitting using the statements given below: -

Jason is sitting at the 2nd position to the left of Michael.

Arif is sitting at the 3rd position to the left of Taskin.

Nathan is the 3rd person to the right of Rahul, who is facing the center.

Bill and Sachin are sitting at diametrically opposite positions and facing each other. None of them is sitting next to Rahul and Arif.

No 3 Australians are sitting together.

Michael is not sitting next to Rahul.

Directions [Set of 5 Questions]: Study the given information carefully and answer the questions below it:

Eight people RR, JJ, MM, KK, PP, QQ, SS and TT are sitting around a circular table but not necessarily in the same order. Some are facing inwards and some are facing outwards.

TT does not face the same direction as PP. QQ sits immediate right of TT. PP sits 3rd to the left of RR, who is not adjacent to MM. Four persons sit between MM and QQ.

KK sits 4th to the left of PP, who is facing inwards. SS sits 2nd to the left of KK. JJ sits immediate left of KK. Neighbours of SS faces the opposite direction of RR. Not more than two adjacent people facing the same direction.

SET 6: Eight persons are sitting around a circular table such that some of them are facing towards the centre while some are facing away from centre. M is third to the right of S, who sits second to the left of Y. P sits on the immediate right of X, who faces the same direction as faced by M. Neither X nor P is adjacent to M. C is third to the left of Y. Not more than 4 persons face outside. B and S face same direction. C is third to the right of B. J is second to the left of M. C and J face opposite direction to that of B. Immediate neighbors of C face opposite directions.

SET 5: Merkel, Rajan, Kerry, Ghani, Jindal, Trump, Stark and Blair are 8 Diplomats who represent 8 different countries – Brazil, China, France, India, Russia, Spain, UK and USA – not necessarily in the given order. The 8 Diplomats are attending a conference to discuss some important issues concerning world peace. They are sitting at a square-shaped table, 2 on each side.

1. Jindal represents UK and is sitting at the 3rd position to the left of Trump who represents Brazil.
2. Jindal and Ghani are sitting on the same side of the table.
3. Blair represents Russia.
4. Merkel, who represents France, is sitting between Trump and Kerry.
5. Rajan and Jindal are immediate neighbours.
6. Kerry represents USA and is sitting at the 2nd position to the left of Rajan who represents India.
7. The person who represents China is a neighbour of Ghani.

SET 7: A certain number of people sit around a circular table and face towards the center of the table. Some of them like different colors. Three people sit between P and the one who likes Grey. The one who likes Orange sits third to the left of Q. The number of people sitting between P and Q is the same as the number of people sitting between Q and R. S sits third to the right of R who doesn't like Purple. Q sits second to the left of the one who likes Grey. Two people sit between S and the one who likes Purple. The one who likes Green sits fourth to the right of the one who likes Grey. Five people sit between T and the one who likes Black. S doesn't sit adjacent to the one who likes Black. Three people sit between R and the one who likes Black. The one who likes Pink sits third to the right of the one who likes Green. T doesn't sit adjacent to the one who likes Pink. U sits to the immediate left of the one who likes Black and third to the left of the one who likes Yellow. The one who likes Red sits second to the right of the one who likes Yellow. One person sits between the one who likes Green and T who is not a neighbour of S. The Same number of people sit between the one who likes Grey and V from both sides.
